

**TODD Marine Products**  
**Flush Mount Base System**  
**#6900**

*The Todd Supreme Sportfishing Chair is an excellent choice for use with the Flush Mount Base System, as illustrated here.*

The patented Todd Flush Mount Base system is the most versatile and easy to use pedestal base system ever designed for marine use. The system allows boaters to install a wide variety of fishing seats, rocket launchers, battle stations, table tops, etc. throughout their vessel. When desired, the seat or table may be quickly removed and stowed.

Todd's patented Flush Mount Base (#6900) requires either the Todd Adjustable Pedestal (#5935) OR the Todd 15" Fixed Height Pedestal (#5915). Also available for use with this unique system is the Todd 29" Fixed Height Table Pedestal (#6900-29).

These Pedestals will accept: Table Spider (#5203-1), Seat Spider (#5203A), or Seat Sliders (#5201A, 6002A)
